River Bend Gun Club does not rent shotguns so you must borrow or rent a shotgun before you come as well as bring with you the correct ammunition for the shotgun you are going to be using, ear and eye protection. If you don't have any of that, contact Jan McKinney and we will try to find one for you to borrow.

WEATHER: If weather is questionable, please check the Weather Channel. There is also a weather camera at rbgc.org that shows the weather at River Bend Gun Club. If the weather is just too nasty to make shooting any fun, an e-mail will be sent with a cancellation notice. Otherwise, plan to shoot. Chances are, none of us will melt.
