The **Youth Shooting Program** this winter will offer the basics of rifle, to youth members and nonmembers. The programs offered are NRA training programs designed to teach the Knowledge, Skills and Attitude necessary for safe gun handling. These classes will have classroom and range time. We will meet in the conference room (next to the club office) then move to the Action Pistol Bay 5 for the rifle shooting range.

The Programs we are using will also assist the participant in meeting youth program requirements such as the Girl Scouts Shooting Sports, BSA Merit Badges, Royal Ranger Merit, 4H and others. Please notify us ahead of time with your youth organization's requirements. Some requirements are shooting dependent and may take practice to complete.

We will provide all Firearms, Ammunition, Eye and Ear Protection, Targets, NRA course materials and drinks. Please bring a sack lunch. You may bring your personal firearm to use, but it shall be approved by the instructor before use. We will be shooting .22 rim fire bolt action rifles only.

There is a minimum of 4 students to conduct the class.
